

## Gadsden City High School

**Vision**

---

Empowering All Through Educational Opportunities

**Mission**

---

Increasing in learning, service, performance and leadership, we prepare for the future.

**Beliefs**

---

It is our belief that through strong academics, arts and extracurricular activities, Gadsden City High School provides opportunities for ALL students to be successful, as well as being college and career ready upon graduation.

**Student Performance**

**Objectives**

- Provide students with rigorous and personalized learning opportunities to increase student performance.

**Critical Initiatives**

- Provide instructional and digital technological support to increase academic growth and achievement for students with disabilities.
- Provide comprehensive support for high-stakes testing.
- Provide college and career readiness support through identification and preparatory activities.
- Provide a intervention program (RTI) and resources that will focus on those students who are at risk.
- Decrease the Chronic Absenteeism by 2%

**Teacher Collaboration**

**Objectives**

- Implement effective teacher collaboration to provide quality education to all students.

**Critical Initiatives**

- Align standards across common math courses to provide equity in educational experiences for all students.
- Provide collaborative teachers and resources to assist with identifying struggling students and areas in need of growth especially for students with disabilities. (ATSI)
- Gather data from various sources for teachers to gauge effectiveness of instructional practices to improve student achievement/growth.

**Positive School Culture**

**Objectives**

- Develop a safe and positive environment where students and teachers have opportunities for success.

**Critical Initiatives**

- Support students and teachers by building relationships and providing a safe and supportive culture.
- Enforce the attendance policy and communicate with parents and students the importance of daily attendance including EL and students with disabilities. (ATSI)
- Provide additional mental health support to address the whole student as well as faculty and staff.
